DATE: 3 September 1965

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report #25

A. SIGNIFICANT ITEMS

B

There is a distinct possibility that we may not make our goal of 50 for the October class. We still have about six weeks in which to improve the outlook, but as of 1 September the situation is as follows:

B

a. A total of 30 may be considered firm, including 22 externals and 8 internals.

b. Eighteen have completed all processing including the polygraph, but have not yet received full clearance.

c. Five have received full clearance, but for various personal reasons have not set EOD dates.

d. Ten are scheduled for polygraph examination within the next few days, but the prospects are dim that the field investigations will be completed and full clearance granted in time for the class.

e. Among pending internal cases, there may be two more who will prove to be both acceptable and available.

f. There are 51 actions in process on applicants who stated availability dates prior to 11 October. The possibility is remote that any of these will be completed in time for the October class.

Past experience suggests that out of these categories we may get the following:

From b., 5 or 6; from c., perhaps 3; from d., 2; from e., 2 (there are many more internal applicants in process but they are for January and subsequent classes. Several are currently being held back by their offices because of work pressures.); from f., perhaps 1 or 2. The total yet likely to become available, therefore, is around 12 - 15. We will make every effort to increase it.

In a separate report I will develop this subject in more detail, project it over the next several months, and suggest action to improve the situation.
